TORONTO

is the perfect place for younger students to visit and experience the thrill of studying abroad. Toronto is safe and clean and one of the most liveable cities in the world. Toronto has a rich selection of artistic and cultural attractions keeping the city alive around the clock. Living in Toronto also gives students the opportunity to visit famous places like Niagara Falls and Ottawa, in addition to landmark sites like the CN Tower, Casa Loma and Rogers Centre.

Come and experience why we have been ranked as one of the best cities in the world!

TWO
SEASONS

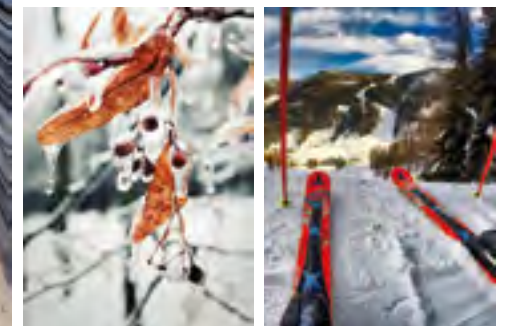

SUMMER

Toronto summers are hot with a tremendous amount of sunshine and cool breezes from Lake Ontario. In the summer, Torontonians love to get outside and enjoy the beautiful beaches and parks, or check out any number of cultural festivals!

WINTER

The advantage of living in Toronto is the close proximity to outdoor winter activities. Such as skiing at Blue Mountain or skating in Nathan Philips Square, just to name a couple. For many of our international students, their first time seeing snow is a truly amazing experience!

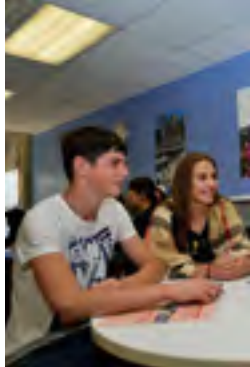

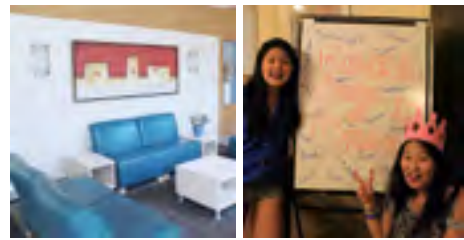

TEEN PROGRAM

Our Summer Teen Program takes place on the University of Toronto campus, one of the highest-ranked universities in Canada. The campus is situated in the centre of Downtown Toronto, close to museums, tourist attractions and many parks. Kids in our program are housed in university residences. Living in campus residence fosters an environment of independence and offers the chance to discover one’s identity.

We at ESC understand the importance of using new English skills with friends from around the world, which is integral to our program! The activities component is designed to include a mix of education, culture, athletics, and most importantly adventure --- there is never a dull moment! Whether you prefer dinosaur fossils or interactive technology, baseball or beaches, shopping or museums, our teen program has something for everyone!
